Principal's Message

Dear Readers,

Warm greetings to all and welcome to the third quarterly edition of our newsletter "Abhyudaya". The New Year definitely marks the time for new resolutions and improvements but it is certainly the best time to pay gratitude for all the good things that have happened to us in the past one year.

I thank all our stakeholders for the beautiful experiences in the college that would not have been possible without your active participation and support . We look forward to constantly improvise and excel on all the fronts be it academics sports, extracurricular activities so that our girls gain confidence and inner strength to be the future torchbearers of the society. The year started with the external Practicals followed by End Semester Examinations. It was a strenuous time for the students. But thereafter spending winter vacations for 12 days the students seemed to be rejuvenated .

The classes for even semesters commenced from 9/02/2023. We are committed to continually improve our standards in the teaching learning process. The winners of the College Annual Sports participated in the Zonal and State level sports with great enthusiasm and won medals in many events. I congratulate all the winners who have made us proud and best wishes to all the participants who although could not make it to the victory stand but have tried their best as defeat can reveal areas for potential growth, both physically and emotionally. Dedication and Perseverance helps us to come out in flying colours. I congratulate Mr. Deshraj Ji on his promotion to the post of Additional Director, Technical Education Uttarakhand and Dr. Mukesh Pandey ji as Examination Controller, Uttarakhand Board of Technical Education Roorkee. We aim to continue working enthusiastically and swirl for providing a healthy platform for students to nurture and enhance their creativity.

Happy Reading!
